1. The box with heavy black lines in Section I of this report contains your evaluation score, normally a combination of the CER and test scores. If you took a performance test, the results are also included in the evaluation score. If your MOS was evaluated by CER only, your evaluation score will be based on your CER alone. Your evaluation score shows how you compare with all other enlisted persons in the same pay grade and MOS code. An evaluation score near 100 is about typical. Meaningful comparisons cannot be made between scores for different pay grades and skill levels for the same MOS. Also meaningful comparisons cannot be made between scores in different MOS codes. For example, Specialist-5 Jones has an evaluation score of 88 in skill level 2 of a certain MOS. Master Sergeant E-8 Smith has an evaluation score of 85 in skill level 5 of the same MOS. Specialist Jones is not necessarily better qualified than Sergeant Smith because different tests and standards are used for each skill level of the MOS.

2. Section II shows your standing or profile in each of the areas of the paper and pencil test. If your MOS was evaluated by CER only, no profile will be shown in Section II because you did not take an evaluation test. Review Section II carefully. It shows how much you know about a subject-matter area in comparison with the knowledge of others who took the same test. The areas are described in your last test aid. If your standing is "very low" or "low" in an area, you need improvement in that area. You should attempt to improve through self-study or group study. You may be aided by your installation's Education Center. By all means, seek advice and counsel from your Commanding Officer. Set your goal for "high" or "very high" in each subject area of your MOS evaluation test.

INSTRUCTIONS

This form MAY be submitted at any time an officer desires to change his assignment preference. It MUST be submitted at the following specific times:

(1) By newly appointed officers and officers recalled to active duty at the time the Officers Qualification Record *(DA Form 66)* is prepared.

(2) For officers assigned overseas or on stabilized tours within the CONUS, 9 months prior to completion of overseas or CONUS stabilized tour.

(3) For officers assigned to a nonstabilized CONUS assignment, approximately one year after reporting to CONUS station.

(4) For student officers, within 60 days after commencement of a CONUS PCS Service School or civilian institution.

Submission of a new Officers Assignment Preference Statement voids any previous statement. Your latest assignment preference statement is consulted by Headquarters, Department of the Army assignment agencies each time you are considered for reassignment. It is YOUR responsibility to keep your preference statement up to date.

Items are self-explanatory except those indicated below:

PARAGRAPH

8*a*. First indicate with a P *(Primary)* or S *(Secondary)* in the heavy outlined blocks opposite the sub-headings, whether your DUTY preferences or your AREA preferences should be given principal consideration. Indicate under heading titled DUTY your preference for duties commencing with 1. Officers who desire duties in the various functional fields of the Technical and Administrative Services *(i.e. Post engineer, Research and Development, Finance and Accounting)* may add such duty in the blank space provided. Appropriate MOS should be entered in space provided when staff duty is desired. Indicate under heading ARMY AREA your preferences by inserting numbers 1 through 7 in boxes provided. If assignment to specific duty stations or States within the CONUS is desired, list on line of appropriate Army area and indicate priority. List under SPECIAL MILITARY SCHOOLS those schools for which you are qualified and desire to attend in the order of priority. *(See DA Pamphlet 20-21.)* All eligible officers are considered for Branch and Senior Service Schools each year in which they are available for assignment. Therefore, it is unnecessary for you to indicate preference for attendance at Branch or Senior Service Schools.

PARAGRAPH

8*b*. First indicate with a P *(Primary)* or S *(Secondary)* in the heavy outlined blocks opposite the sub-headings, whether the duty or area preference should be given principal consideration. Then, within the duty preferences, indicate your priority preferences commencing with number 1. Within the area preferences, indicate your preferences for geographical locations beginning with number 1. Indicate area and duty preferences for BOTH long and short tour areas. *(See AR 614-30 for definition and listing of long and short tour areas.)* Officers selected for assignment to Attache duty must be in grade of Captain or higher *(see AR 611-60)*. Appropriate MOS should be entered in space provided when staff duty is desired.

PARAGRAPH

8c. If information is available at time of submission of this preference statement, indicate leave address and telephone number where you may be reached during delay in route while in PCS travel status.

9. CAREER PREFERENCES. Using DA Pamphlet 600-3, "Career Planning for Army Officers", as a guide, indicate how Department of the Army can assist you in your career development. This is particularly important for field-grade officers in that, starting at mid-career, the proportion of branch immaterial positions requiring competence in functional areas and in specialist fields increases as compared with branch material jobs. State the type(s) of duty for which you feel best qualified by experience, formal training, natural aptitude or interest. In addition, if you desire to specialize in a specific type of work *(i.e., teaching at a service school, planning or political-military type duty, or Information or Intelligence activities)* state your preference. If there is insufficient space for your statement, continue on a separate sheet and attach to the form.

10*b*. If Regular Army officer with over 25 years' service or other than Regular Army within four years of eligibility for retirement, indicate contemplated home of selection for retirement *(see paragraph 4158, JTR)*. This information is for planning purposes only and does not constitute a commitment on the part of the officer.

10c. OTHER. Indicate any personal considerations not covered elsewhere on the preference statement. Include any family requirements for special medical or educational facilities, information about language qualifications of dependents, information about length of involuntary family separation(s) caused by PCS oversea assignment since 1 June 1950, or other information that you feel should be considered in your assignment(s).

EXPLANATION OF OPTIONS AVAILABLE UNDER THIS ACT

OPTION 1

An annuity payable to or on behalf of the widow (or widower), the annuity to terminate on the widow's death or remarriage, whichever occurs first. The term "Widow (or widower)" refers ONLY to the spouse at the date of retirement.

OPTION 2

An annuity payable to or on behalf of surviving child or children, the annuity to terminate when there ceases to be at least one such surviving child, unmarried and under 18 years of age. However, if there is a child, unmarried and over 18 who is incapable of self-support because of being mentally defective or physically incapacitated and that condition existed prior to the child reaching 18 years of age, the annuity will terminate upon the child's marriage, death, or recovery from the disability, whichever occurs first. Payments under this option will be made in equal shares to or on behalf of the surviving children remaining eligible at the time payment is due.

OPTION 3

An annuity payable to or on behalf of his widow and surviving children, the annuity to terminate upon: the death or remarriage of the widow; or, if later, the first day of the month in which there are no surviving children of the member who are under eighteen years of age and unmarried, except that if there is a child, unmarried and over-eighteen years of age incapable of self-support because of being mentally defective or, physically incapacitated and that condition existed prior to his reaching eighteen years of age, the annuity to terminate upon his marriage, death, or recovery from the disability, whichever first occurs. Such annuity shall be paid to the widow until death or remarriage, and thereafter each payment under such annuity shall be paid in equal shares to or on behalf of the surviving children remaining eligible at the time payment is due.

OPTION 4

When combined with any of the options above, option 4 provides that no further deductions shall be made from retired pay commencing with the first day of the month following that in which there is no beneficiary eligible to receive an annuity under the option elected. If option 4 is not combined with any of the options elected, deductions will continue to be made from retired pay despite the fact that all beneficiaries predecease the retired member or become ineligible to receive annuity benefits.

INSTRUCTIONS

This form may be submitted at any time an officer desires to change his assignment preferences. Newly commissioned officers and officers recalled to active duty will be afforded an opportunity to submit an assignment preference statement at the time the Officer's Qualification Record *(DA Form 66)* is prepared. Officers assigned as students at service schools on a permanent change of station will submit preference statements within 45 days after beginning of course regardless of when last preference statement was submitted.

Submission of a new officers assignment preference statement voids any previous statement.

Your latest assignment preference statement is consulted by DA assignment agencies each time you are considered for reassignment. It is your responsibility to keep your preference statement up to date. Items are self-explanatory except those indicated below:

7. If regular Army officer with over 25 years service or non-regular Army officer within 4 years of eligibility of retirement, indicate contemplated home of selection *(see par. 4158, JTR)*. This is not binding.

9*a*. Indicate priority of preference of duties commencing with number 1. Officers who desire duties in the various functional fields of the Technical Services *(i.e., Contract Construction, Post Engineer, Research and Development, Topography, Supply and Equipment, etc.)* may add such duties in the blank spaces provided. Indicate priority of preference of Army areas by inserting numbers 1 through 7 in the boxes provided. If it is desired to indicate specific stations or states within CONUS, list in order of priority commencing with number 1. These preferences may be in one or several Army areas.

9*b*. If you desire to attend military schools list the schools and courses for which you are qualified in the order of priority. *(See DA Pamphlet 20-21)*.

9c. Indicate priority of preference of duties commencing with number 1. Indicate priority of preference of both long and short tour areas. Officers who last returned from long tour areas are vulnerable for short tour areas. *(See AR 614-30 for definition of long and short tour areas)*.

10. Include all information you consider essential from the standpoint of assignment restrictions or to the development of your career.

INSTRUCTIONS

1. CONVERSION

National Service Life Insurance on the five-year level premium term plan (including policies issued on or before December 31, 1945, which were extended for 3 years) may be converted within the term period to National Service Life Insurance in the same or less amount, in multiples of $500 but not less than $1,000, on the following plans: Ordinary Life, Twenty Payment Life, Thirty Payment Life, Twenty Year Endowment, Endowment at Age Sixty, or Endowment at Age Sixty-five. All rights and claims on the amount of the five-year level premium term insurance being converted are surrendered. CONVERSION TO AN ENDOWMENT PLAN MAY NOT BE MADE WHILE THE INSURED IS TOTALLY DISABLED.

2. EFFECTIVE DATE OF CONVERTED POLICY

The converted policy may be made effective:

a. As of the date any premium becomes due within the term period, upon payment by the insured (except where premium waiver is effective) of the current monthly premium at the attained age of the insured for the plan of insurance selected. The reserve (if any) on the policy will be allowed as a credit on the current monthly premium, except where premium waiver is effective.

b. As of the date any premium has become due within the term period, including the effective date of the term policy, upon payment by the insured of the difference between the reserve on the new policy and the reserve on the old policy (if any) and the current monthly premium at the attained age of the insured as of the effective date of the new policy (except where premium waiver is effective).

NOTE: If waiver is in effect, premiums on the new policy, including the first premium, will be waived but the difference in reserves must be paid by the applicant.

3. CONTINUANCE OF LEVEL PREMIUM TERM INSURANCE NOT CONVERTED TO OTHER PLANS OF INSURANCE

If the insured does not convert the full amount of insurance on the level premium term plan and desires to retain in force the remainder or part of such insurance within the original term period, he is privileged to continue such insurance in force, in an amount not less than $1,000, in multiples of $500, by payment of premiums as they become due on the amount of the level premium term insurance continued. ALL LEVEL PREMIUM TERM INSURANCE SHALL CEASE IF NOT CONVERTED TO A PERMANENT PLAN PRIOR TO THE EXPIRATION OF THE TERM PERIOD OF 5 YEARS, OR 8 YEARS IF THE EFFECTIVE DATE OF THE TERM POLICY IS ON OR BEFORE DECEMBER 31, 1945.

4. PAYMENT OF PREMIUMS

Payment of premiums on National Service Life Insurance may be made by allotment from service pay (monthly); deduction from compensation, retirement pay, or pension (monthly, when insurance is in force); money order or postal note; check or draft; Armed Forces Leave Bond assigned to the Veterans Administration with VA Form 9–1625, "Directions for Use of Proceeds of Armed Forces Leave Bond." The reserve must be paid in full and may be paid by money order, postal note, check, or draft, made payable to the Treasurer of the United States, or by Armed Forces Leave Bond assigned to the Veterans Administration with VA Form 9–1625. CASH (CURRENCY AND/OR COIN) TENDERED BY MAIL IS AT THE INSURED'S OWN RISK.

5. TOTAL DISABILITY INCOME PROVISION

a. If total disability income provision is in effect on a term policy which is being converted, such protection may be continued and attached to the new policy by payment of the appropriate premium.

b. If the total disability income provision is not in effect on the term policy which is being converted and the insured desires to apply for the benefit at the time of conversion, VA Form 9–1606, "Application for Total Disability Income Provision Under the National Service Life Insurance Act of 1940, as Amended, to be Added to Insurance Issued Prior to Date of This Application," should be completed in addition to this form.

6. BENEFICIARIES

The insured may designate as principal and/or contingent beneficiary or beneficiaries any person or persons, firm, corporation, or other legal entity (including the estate of the insured) individually or as trustee. Any named beneficiary may be designated as "Principal Beneficiary" or "Contingent Beneficiary" in the space provided for "Beneficiary Designation and Selection of Optional Settlement." Any named beneficiary who is not designated as "Contingent Beneficiary" will, in general, be presumed to be a principal beneficiary. A contingent beneficiary, generally speaking, is a person who becomes principal beneficiary if the designated principal beneficiary predeceases the insured or if the principal beneficiary not entitled to settlement under Option 1 (lump sum) dies prior to receiving full payment of all guaranteed monthly installments. The insured shall have the right at any time, and from time to time, and without the knowledge or consent of the beneficiary to cancel the beneficiary designation or to change the beneficiary. A designation of beneficiary and selection of option need not be made in the application for insurance but may be made at a later date. A beneficiary designation, but not a change of beneficiary, may be made by last will and testament duly probated.

7. OPTIONAL SETTLEMENTS

A selection or change of option may not be made by last will and testament except in connection with the designation of a beneficiary by last will and testament. Insurance shall be payable in accordance with the following optional modes of settlement:

a. **Option 1.** In one sum (face amount less any indebtedness).

b. **Option 2.** In equal monthly installments of from thirty-six (36) to two hundred forty (240) in number, in multiples of 12. If Option 2 is selected, the number of monthly installments must also be specified in the "Option" column of the "Beneficiary Designation and Selection of Optional Settlement" section of the application.

c. **Option 3.** In equal monthly installments for one hundred twenty (120) months certain with such payments continuing during the remaining lifetime of the first beneficiary.

d. **Option 4.** As a refund life income in monthly installments payable for such period certain as may be required in order that the sum of the installments certain shall equal the face value of the contract, less any indebtedness, with such payments continuing throughout the lifetime of the first beneficiary: Provided, That such optional settlement shall not be available in any case in which such settlement would result in payments of installments over a shorter period than one hundred twenty (120) months.

Options 3 or 4 may not be selected where the beneficiary is a firm, corporation, legal entity (including the estate of the insured), or trustee. If no option is selected by the insured, settlement will be made in thirty-six (36) monthly installments but the designated beneficiary may elect to receive settlement under Options 2, 3, or 4. The insured may select more than one option and separate options for separate beneficiaries. If the insured selects Option 1, the beneficiary upon death of the insured may elect Options 2, 3, or 4; in the event of the death of such beneficiary, the present value of any unpaid guaranteed installments shall be payable to the estate of the beneficiary to the exclusion of any contingent beneficiary designated by the insured. If insured selects Options 2, 3, or 4 and the principal beneficiary and contingent beneficiary die before receiving the guaranteed number of installments thereunder, the present value of such remaining unpaid installments shall be payable to the estate of the insured. No payment shall be made to any estate where such payment would escheat. If the insured selects Options 2, 3, or 4, he may **NOT** name a contingent beneficiary to receive the present value, in one sum, of any remaining unpaid guaranteed installments upon death of the principal beneficiary. Under such circumstances, the contingent beneficiary, upon the death of the principal beneficiary, will receive during his or her lifetime the remaining unpaid guaranteed monthly installments as they become due IN ACCORDANCE WITH THE MODE OF SETTLEMENT ESTABLISHED AT THE TIME OF DEATH OF THE INSURED.

If the insured selects one of the installment options for the principal beneficiary, he may select a different option for the contingent beneficiary, to be effective in the event the principal beneficiary dies prior to receiving any payments. The insured may, during his lifetime, revoke his selection of the optional settlement, but the revocation shall not be valid unless and until notice thereof is received in the Veterans Administration.

8. SIGNATURE OF INSURED

The signature of the insured must be in ink and witnessed by a person other than a designated beneficiary.

9. DISPOSITION OF APPLICATION

a. If applicant is not in the active service, the application when completed should be forwarded immediately to the branch office of the Veterans Administration having jurisdiction of the applicant's insurance records.

b. If the applicant is in the active service, the application when completed should be submitted through proper military or naval channels to the Veterans Administration.

INFORMATION FOR PERSONNEL ON LEAVE

1. Keep copies of these orders in your possession at all times.

2. In case of an emergency, extension may be granted after the need for such leave is confirmed by the Red Cross Chapter nearest your leave address.

3. You will notify the Commanding Officer, 6230th Reception Center, Fort Ord, California of any change of address.

4. Personnel requiring hospitalization or medical treatment while on leave should report to the nearest Army facility. When such facility is not available in the immediate vicinity, the individual may obtain treatment at a hospital of another Government Agency (Navy, US Public Health Service, Veterans Administration or Indian Affairs). If no Government Hospital is available treatment necessary in an emergency may be obtained in civilian agencies, but this will not include continued treatment for chronic conditions. See AR 40-505.

5. a. When an individual is hospitalized in an Army Hospital, while on leave, the Hospital Commanding Officer will notify the Commander who issued the leave orders, sufficiently in advance of the date the individual is to be discharged from the hospital, to permit receipt of instructions relative to continuing the individual on leave or returning him to his designated organization. Instructions received will govern.

b. In any case, if it should be necessary for you to be hospitalized in other than an Army hosptial, it is your responsibility to notify the Commanding Officer, 6230th Reception Center, Fort Ord, California in order that appropriate arrangements may be made for your evacuation to an Army Medical Installation.

6. Over staying leave constitutes absence without leave, which is punishable under the 86th Article of the Manual for Courts-Martial, US 1951. Reporting in on the date due at a Military Installation other than the station to which assigned will not preclude any disciplinary action involved.

a. Report in to an Army or Air Force Installation for return transportation is to be used only as a last resort.

b. Delay in reporting resulting from waiting for Government air transportation will not be excused.

7. When granted a leave, you assume full responsibility for your arrival at your destination and return to proper station at the time indicated on your orders.

The Special Services Officer, Headquarters Sixth Army, desires to receive suggestions for the conduct of the next Sixth Army small bore gallery rifle tournament. Informal comments will be welcome from anyone. ORDER TO REPORT FOR INDUCTION

The President of the United States,

To Lester (NMN) Edgar
(First name) (Middle name) (Last name)

Order No. 11279

GREETING:

Having submitted yourself to a local board composed of your neighbors for the purpose of determining your availability for training and service in the land or naval forces of the United States, you are hereby notified that you have now been selected for training and service therein.

You will, therefore, report to the local board named above at this office, Harrison, Arkansas
(Place of reporting)

at 4:30 A m., on the 7th day of May, 19 43
(Hour of reporting)

This local board will furnish transportation to an induction station. You will there be examined, and, if accepted for training and service, you will then be inducted into the land or naval forces.

Persons reporting to the induction station in some instances may be rejected for physical or other reasons. It is well to keep this in mind in arranging your affairs, to prevent any undue hardship if you are rejected at the induction station. If you are employed, you should advise your employer of this notice and of the possibility that you may not be accepted at the induction station. Your employer can then be prepared to replace you if you are accepted, or to continue your employment if you are rejected.

Willful failure to report promptly to this local board at the hour and on the day named in this notice is a violation of the Selective Training and Service Act of 1940, as amended, and subjects the violator to fine and imprisonment.

If you are so far removed from your own local board that reporting in compliance with this order will be a serious hardship and you desire to report to a local board in the area of which you are now located, go immediately to that local board and make written request for transfer of your delivery for induction, taking this order with you.

Willy Willis
Member or clerk of the local board.
